## About

**Renewed Skin Aesthetics** is located in Bray, Maidenhead, Berkshire. The clinic is situated in the grounds of the magnificent Weir Bank Estate, former residence of Herbert Oppenheimer, surrounded by 16 acres of prime countryside, on the banks of the River Thames in Bray.

Our philosophy is to enhance your appearance in a subtle, natural way that will reduce the signs of ageing, sagging skin and scarring. Although no one can stop the ageing process, we can certainly slow it down by organically producing new collagen and elastin within the deeper layers of the skin, giving you a more youthful, fresher, and glowing appearance for both men and women.

We pride ourselves on delivering high quality, non-invasive aesthetic treatments to support your goals, whilst treating all our clients like members of our family.
